## **TEKPARTNERS MAKES THE 2011 BEST OF STAFFING™ TALENT LIST**

**For Immediate Release:** South Florida, November 2, 2011 – TekPartners, a P2P Company, announced that it has been named to Inavero’s 2011 Best of Staffing™ Talent list. Best of Staffing, presented in partnership with CareerBuilder, is the nation’s only satisfaction award that recognizes staffing and recruiting firms who provide an exceptional experience for the talent they help find jobs. Less than 1% of North American staffing firms have been named to the 2011 Best of Staffing Talent List.

“We are very proud to have made the Best of Staffing Talent list. We live our core values and core purpose with one common goal which is to always be: people helping people. It is our top priority to be known in each city as the TekSource for Proven Talent,” says Vito Scutero, Co-CEO and Founder of TekPartners. With headquarters in South Florida, TekPartners was founded in 2002 based on the following core values: Be the Best, Understand the Urgency, Never ever give up, Have the Courage to Excel, and Make a Contribution. TekPartners was selected as one of the fastest growing private staffing companies in the United States by the Staffing Industry Analysts for the 3<sup>rd</sup> consecutive year and has continued to grow and expand since the doors opened in 2002 with office locations in South Florida, Orlando, Tampa, Charlotte, and Washington DC. TekPartners takes pride in its business model, inspiring morale and a superior work ethic. “We will continue to use innovative ideas and solutions to connect with the most talented technology professionals. We are honored to be recognized with this award, yet we know that we can continue to improve with input from our talent base,” emphasizes Harris Katz, Co-CEO and Founder of TekPartners.

Staffing firms competing to make the Best of Staffing list underwent a rigorous survey process followed by careful analysis of responses to determine satisfaction levels. TekPartners received satisfaction ratings of 9 or 10 out of 10 from approximately 70% percent of their talent, significantly higher than the industry’s average of 50% percent. Best of Staffing participants secured a place on the list by earning an average Net Promoter Score® that was nearly double the national staffing industry benchmark for talent who had been placed in a job. According to recent Bureau of Labor Statistics (BLS) data, staffing firms have created more new jobs since the end of the ‘Great Recession’ than any other industry,

accounting for 91% of the total job growth. "Job seekers are using staffing and recruiting firms now more than ever before, and it's our hope the Best of Staffing List will help guide them to the firms who have truly created an exceptional experience for the talent they are helping put back to work," said Eric Gregg, Inavero's Founder and CEO.
