## IT EMPLOYMENT GROWTH RATE ACCELERATES MODESTLY

Alexandria, VA, March 15, 2017 – The number of IT jobs grew 0.3 percent sequentially last month to 5,272,700, according to TechServe Alliance, the national trade association of the IT & Engineering Staffing and Solutions industry. On a year-over-year basis, IT employment grew by 3.9% since February 2016 adding 196,200 IT workers.

Engineering employment increased by 0.2 percent sequentially to 2,551,800. On a year-over-year basis, growth in engineering employment remained anemic increasing by 0.9% since February 2016 or 23,100 engineering workers.

“IT employment continued to grow with acceleration in the rate of growth in February. While the acceleration was modest, it reverses the general trend of modest deceleration we have seen over the past six months, stated Mark Roberts, CEO of TechServe Alliance. “While the macroeconomic environment remains favorable for continued demand for IT talent, I remain concerned about the potential governmental action which could restrict job growth in the

U.S. through restrictive immigration policies---pushing projects and jobs overseas. This would be a horrific outcome for both U.S.-based businesses and workers," observed Roberts.

*IT and engineering jobs are found in virtually every sector and industry in varying degrees. The following table presents information about the total number of jobs in certain sectors that provide a significant amount of employment for IT and engineering professionals.*

Comparisons of TechServe Alliance's IT Employment Index to employment in some key sectors with significant numbers of IT jobs as well as to all non-farm jobs									
February 2017	TechServe Alliance IT Employment Index	Computer systems and design services	Management and technical consulting services	Data processing, hosting and related services	TechServe Alliance Engineering Employment Index	Computer and electronic product manufacturing	Professional and technical services	Federal, State, and Local Government (excluding state and local schools and hospitals)	Total non-farm jobs
number of jobs	5,272,700	2,048,300	1,413,600	300,500	2,551,800	1,035,400	9,059,600	10,912,300	145,798,000
change from previous month	+ 0.28%	+ 0.3%	+ 0.4%	- 0.2%	+ 0.16%	- 0.1%	+ 0.2%	+ 0.1%	+ 0.2%
change from same month, one year earlier	+ 3.86%	+ 4.7%	+ 5.7%	+ 0.9%	+ 0.91%	- 1.8%	+ 3.4%	+ 0.9%	+ 1.6%

###

*Technical note: TechServe Alliance's IT Employment Index and Engineering Employment Index are the first specific measurements of IT and engineering employment. These unique measurements of total IT and engineering employment are created monthly by studying the ongoing staffing patterns of a dozen IT and computer related occupations in 22 industries and industry sectors employing significant numbers of IT workers and nearly two dozen engineering occupations in 30 select industries and industry sectors employing significant numbers of engineering workers. Both the monthly IT Employment and Engineering Employment Indices are based on U.S. Bureau of Labor Statistics (BLS) data, which is subject to monthly revisions, and is revised accordingly. Both indices were rebenchmarked this month with revisions going back several years. The next major revision will be published in February 2018. Additionally, from time-to-time TechServe Alliance reviews and adjusts the algorithm utilized to calculate the indices.*

**ABOUT TechServe Alliance**

TechServe Alliance is the national trade association of the IT & Engineering staffing and solutions industry. Hundreds of IT & Engineering staffing and solutions firms and tens of thousands of affiliated professionals, count on TechServe Alliance to keep their leadership informed, engaged and connected. TechServe Alliance serves as the voice of the industry before the policymakers and the national and trade press. By providing access to the knowledge and best practices of an entire industry and tapping the "collective scale" of hundreds of companies, TechServe Alliance supports its members in the efficient delivery of best-in-class IT & Engineering staffing and solutions for clients and exceptional professional opportunities for every consultant.
